Dear Mr Young,

I'm writing to provide feedback on the Villawood Town Centre Urban Design Study which is currently on exhibition.

Woodville Alliance has a long history of working in and with the Villawood community. Our Head Office and our Child, Family and Youth Services were located in the Town Centre for the past 20 years and have now temporarily relocated while the site is redeveloped. This has given us deep insights into the history and current dynamics of the local area, and resulted in a strong connection with and commitment to the local community.

In this context, we are delighted to provide feedback on the Draft Villawood Town Centre Urban Design Study.

Based on our understanding that the community had not had substantial input into the development of the Draft Urban Design Study, and may not be aware of or fully understand the current exhibition and submission process, we held a Community Forum on 15 January 2018. At this Forum Council staff provided an overview of the study and we facilitated feedback from the community on it.

Please find attached our submission along with a report summarising the feedback from this community consultation.

I would be happy to meet with council to discuss this submission further if required. Please don't hesitate to contact me on 97225200 or at [pbatkin@woodville.org.au](mailto:pbatkin@woodville.org.au)

Yours sincerely

Pam Batkin  
Chief Executive Officer
